Application for Computer Program Funding Coquille Indian Tribe Education Department

Computer Equipment funds are limited to a one-time stipend of \$1200 per college student. Full time students must provide proof of enrollment in a minimum of twelve undergraduate or nine graduate credit hours and be working towards a degree. Part time students must provide proof of enrollment in a minimum of six undergraduate credit hours or fewer than nine graduate credit hours and are working towards a degree.

Funds may be used to purchase a computer and application programs; examples of application programs include word processors, database programs, development tools, drawing, paint, and image editing programs. Funds may also be used for a printer and USB flash drive.

Prior approval from the Education Department is mandatory. Upon approval, students may purchase their own equipment and request reimbursement, or ask that the Tribe send a direct payment to the company from which the computer is to be purchased. Receipts or copy of cancelled check must be supplied to the Education Department before reimbursement will be processed.
